## SUMMARY

As a skilled **software engineer** with over **4 years of experience**, I am proficient in both front-end and back-end development. I have a strong understanding of **AWS cloud architecture**, **web development** technologies such as HTML, CSS, and JavaScript, as well as **object-oriented languages** such as Java, Python and C#. I am committed to creating software that is both **accessible** and **environmentally conscious**, and I possess excellent **problem-solving** and teamwork skills. With a passion for **innovation** and **continuous learning**, I deliver high-quality, well-documented code that meets the highest standards of software engineering.

## SKILLS

**LANGUAGES & TOOLS:** Python, TypeScript, HTML, CSS, JavaScript, Java, C#

**DATABASES:** MySQL, MongoDB, DynamoDB, GraphQL

**FRAMEWORKS & LIBRARIES:** ReactJS, Angular, AWS

## EXPERIENCE

**JANUARY 2021 – PRESENT**

### **SOFTWARE ENGINEER II, LEXISNEXIS USA**

- Designed and implemented a new feature in the company's flagship legal research platform, resulting in a 15% increase in user engagement and a 10% increase in revenue.
- Mentored junior developers on best practices for software development, resulting in improved productivity and increased job satisfaction among team members.
- Received a performance award and recognition from management for outstanding contributions to the company's technical projects and initiatives.
- Resolved critical production issues in a timely and efficient manner, earning recognition from senior management for maintaining elevated levels of uptime and ensuring a positive user experience.

**OCTOBER 2019 – DECEMBER 2020**

### **SOFTWARE ENGINEER I, LEXISNEXIS USA**

- Worked collaboratively with cross-functional teams, including product managers and UX designers, to ensure the successful launch of four high-profile products on schedule and within budget.
- Improved code quality and maintainability by implementing unit testing and code reviews, resulting in a 20% reduction in production defects.
- Assisted senior developers in the development of new tools and applications, gaining exposure to modern technologies and programming languages.
- Demonstrated a willingness to learn and grow, attending training sessions and workshops to develop new skills and improve performance.

## EDUCATION

**MAY 2018**

### **B.S. SOFTWARE ENGINEERING, FLORIDA INSTITUTE OF TECHNOLOGY**

**Relevant Coursework:** Game Design, Compiler Theory, Software Testing, Algorithms and Data Structures
